

APPLICATION FOR INSTALLMENT PAYMENT OF PROPERTY TAXES

IRC - 534

R. 9/17

Section 197.222, F.S., allows a taxpayer to prepay property taxes by an installment payment method. A taxpayer who chooses to pay taxes by the installment method will make quarterly payments based on an estimated tax equal to the actual taxes levied on the property in the prior year. Under Florida law, your estimated taxes must be more than \$100 for each tax notice to qualify. You confirm your participation in the plan when the tax collector receives and applies your first installment payment.

<i>*The tax collector shall accept payment in July, however this results in loss of discount. In November, you will receive a tax bill for the entire year. You must reapply by the following April 30th in order to participate in the installment plan for the future years.</i>			
Second Installment Due September 30	One-quarter of the total estimated taxes and assessments based on the previous year	4.5% for payments applied or postmarked by September 30	Added to the next installment due in December and results in the loss of discount
Third Installment Due December 31	One-quarter of the total estimated taxes and assessments plus one-half of any adjusted tax amount	3% for payments applied or postmarked by December 31	Added to the next installment due in March and results in the loss of discount
Fourth Installment Due March 31	One-quarter of the total estimated taxes and assessments plus one-half of any adjusted tax amount	No discount. Payment must be applied or postmarked by March 31	Unpaid installments are delinquent April 1st, at which time penalties and/or interest become due
